

November 2022 - Minutes

The Junior Researcher Association

Date: 8th of November 2022

Time: 16.00-17.00

Venue: Online

Participants: Kasper Glerup Lauridsen, Cecilie Nørby Lyhne, Anne Birkeholm

Jensen, Macarena Gomez de Salazar, Emma Valentin Bager

Minutes: EB

1. Approval of minutes from last meeting.

2. Preparing for the meeting with Lone

- 2-3 focus point
- Presentation of JRA and our vision
 - A community for junior researchers
 - Professional development
 - Research collaborations across faculties
- Talent Development Programme is shut down→ absence of activities and courses
 - transfer of responsibility to the faculties
 - how do the management ensure that they achieve their vision?
 - our concern: the faculties will not take the responsibility
 - at the faculties: bottom up or top down?
- JRA need support to continue our work
 - career development, networking, skills, mentor programme
 - collaborations across faculties
 -

- Junior Researcher Association as a community
 - important for the junior researcher's well-being
- we want a dialog → future collaboration and economic support
- Anne: sends the agenda to Vibeke

3. Self-leadership and General Assembly

- Sign ups: 31
- Anne & Kasper: prepare a presentation

4. Content of amendment to statutes

- Prepare amendment
- ensure an advisory panel (the old board)
- Kasper: makes a draft

5. Good Grantmanship + Funding Landscape

- 25 + 26 January (online)

6. Follow up on marketing

- Follow up on marketing contacts, shared email etc.
 - Emma: will send a guide for the shared email
- Shared email
 - one/two/three should have the responsibility
 -
- FB page, FB group
 - more than one can be the editor of the Facebook page.
 - relevant for the new board to discuss this.
- LinkedIn

7. Newsletter start December

- Anne / Kasper: write an update after the meeting with Lone

8. Discussion of possible courses and events 2023

9. Next meeting

- Meet up 1 hour before the general assembly

- Cecilie will not attend

10. Other

Agenda points for next meeting:
